

College Fair Preparation & questions

Identifying the “right fit”:

1. Use the Big Futures college selection tool to help narrow down schools that may be a fit for you: <https://bigfuture.collegeboard.org/college-search>
2. Consider things like location, majors offered, cost, selectivity/ entrance requirements, sports, diversity, etc.

After doing some research, consider the following:

What are my dream schools (it may be a stretch with my ACT/ GPA but it’s worth a shot!):

1. _____
2. _____

What are my target schools (schools that have my major and my scores meet their entrance requirements):

1. _____
2. _____
3. _____

What are my safe schools: (I can for sure get in!)

1. _____
2. _____

When watching the recordings or engaging in live admissions presentations, listen for the following topics:

1. What academic programs/ majors are the most popular at the college?
2. What do students like most about the school?
3. What is the average class size?
4. What makes the school special?
5. Do students mostly live on or off campus?
6. What types of scholarships does the school offer?
7. Do I need to take the ACT and what score is required for admission?
8. What GPA do I need to have to be admitted to the school?
9. How do they describe the academic pressure and workload?
10. How diverse is the school?

If you don't hear the admissions rep address the questions above, or if you have other questions, make sure to reach out to them to get your questions answered.
